Mr. Mao,

This e-mail is to serve as a response to the NCDEQ letter dated March 2016 encouraging the City of Greensboro enter into an Administrative Agreement (AA) to investigate, assess, remediate the Former StevecoKnit facility. The City will not be signing the agreement at this time. The city is in the process of retaining CDM Smith (a NCDEQ REC) to guide and implement a phased investigative program which will allow for a measured effort focusing on the highest potential risk areas first while allowing the city to have more of a flexible schedule in regard to its implementation than the AA affords. Should you have any questions please do not hesitate to contact me at your convenience.
